

## X Symposium Mechanical Ventilation – Belgrade mechanical ventilation - BMV 2024

### Preliminary Program

Hotel Mona Plaza Belgrade, 14-15.06.2024

#### 14. jun 2024.

**16:00-16:15** Opening ceremony: assoc Prof dr Dejan Marković, prof dr Nebojša Lađević, prof dr Radmilo Janković

**16:20-16:40** PEEP and driving pressure - **Javier Garcia Fernandez** (Professor, Director of the Department of Anesthesia in Hospital Universitario Puerta de Hierro Majadahonda, Madrid; President of the Spanish Society of Anesthesiology, Resuscitation and Pain Therapy (SEDAR), Spain)

**16:45-17:05** Mechanical ventilation in COPD patients - **Carlo Alberto Volta** (professor, Director of the Section of Anesthesia and Intensive Care with S. Anna University Hospital, University of Ferrara, Italy)

**17:10-17:30** Extracorporeal CO<sub>2</sub> removal in ARDS patients- **Gerardo Cortese** (Professor, Department of Anesthesia, Intensive Care and Emergency, 'Città Della Salute E Della Scienza', Turin, Italy)

**17:35-17:55** How to manage difficult weaning - **Giuseppe Foti** (Assoc professor School of Medicine and Surgery, University Bicoca, Milano; Italy)

**18:00-18:20** “The Project for Universal Airway Management: the end or a new beginning?” PUMA - **Massimiliano Sorbello** (Director of UOC Rianimazione PO Giovanni Paolo II - Ragusa, Italy; president of EAMS - European Airway Management Society)

**18:20-18:35** „TAT“ course European airways management society /Certificates delivery

**18:35-18:45** „II School of mechanical ventilation“/ Certificates delivery

**18:45-19:45**

Cocktail

#### 15. jun 2024.

### HALL 1

**10:00- 10:15** Mechanical ventilation, physiological approach - **Javier Garcia Fernandez** (Professor, Director of the Department of Anesthesia in Hospital Universitario Puerta de Hierro Majadahonda, Madrid; President of the Spanish Society of Anesthesiology, Resuscitation and Pain Therapy (SEDAR), Spain)

**10:20-10:35** PEEP titration in ARDS - which approach? **Vinzenzo Russotto** (Assistant Professor University Hospital San Luigi Gonzaga, University of Turin, Italy)

**10:40-10:55** Advanced monitoring of respiratory function - **Carlo Alberto Volta** - (professor, Director of the Section of Anesthesia and Intensive Care with S. Anna University Hospital, University of Ferrara, Italy)

**11:00-11:15** Helmet NIV and bedside assessment of recruitability - **Domenico Luca Grieco** (Professor, Department of Emergency, Intensive Care Medicine and Anesthesia, Fondazione Policlinico Universitario A. Gemelli IRCCS, Rome, Italy),

**11:20-11:35 VAP and CAP treatment guidelines - Jovan Matijasevic** (Professor, Institute for Pulmonary Diseases of Vojvodina, Clinic for Urgent Pulmonology, Intensive Care Unit, Sremska Kamenica, Serbia)

**11:40-11:55 Pathophysiological principles of thoracic anesthesia - Radmilo Jankovic** (Professor, Clinic for anesthesia and intensive therapy University Clinical Centre of Nis; President of the Serbian Association of anesthesiologists and intensivists, Serbia)

## COFFEE BREAK

### HALL 1

**12:30-12:45 Difficult airway in OR - Gerardo Cortese** (Professor, Department of Anesthesia, Intensive Care and Emergency, 'Città Della Salute E Della Scienza', Turin, Italy)

**12:50-13:05 How to ventilate morbid obese patients? - Ivan Palibrk** (Professor, Medical Faculty University of Belgrade; Center for anesthesiology and reanimatology University Clinical centre of Serbia, Belgrade, Serbia)

**13:10-13:25 Difficult airway in ICU. The emerging concept of Physiologically Difficult Airway** Massimiliano Sorbello (Professor, Director of UOC Rianimazione PO Giovanni Paolo II - Ragusa, Italy; President of EAMS - European Airway Management Society)

**13:30-13:45 Diaphragm dysfunction and MV, diaphragm protective ventilation - Dejan Markovic** (Assoc. Professor, Medical Faculty University of Belgrade; Center for anesthesiology and reanimatology University Clinical centre of Serbia, Belgrade, Serbia)

**13:50-14:05 Echocardiographic diaphragm assesment during MV - Luigi la Via** (Department of Anesthesia and Intensive Care, A.O.U. Policlinico-San Marco, Catania, Italy)

**14:10-14:25 NIV or HFNC after extubation of high risk critically ill patients - Vincenzo Russotto** (Assistant Professor University Hospital San Luigi Gonzaga, University of Turin, Italy)

### HALL 2

**12:30-12:45 Corticosteroids in sepsis, ARDS and CAP: 2024 guidelines - Gordana Jovanovic** (Professor, Medical Faculty University of Novi Sad; University Clinical centre of Vojvodina, Novi Sad, Serbia)

**12:50-13:05 How to titrate PEEP during NIV - Aleksandra Plecas** (Assistant Professor, Medical Faculty University of Novi Sad; University Clinical centre of Vojvodina, Novi Sad, Serbia)

**13:10-13:25 VV ECMO and immunoabsorption in respiratory failure - Pedja Kovacevic** (Professor, Medical Intensive care Unit, University Clinical centre of Republic of Srpska, Banja Luka, Bosnia and Herzegovina)

**13:30-13:45 Weaning from mechanical ventilation. SBT, T-piece or not? Dragana Unic Stojanović** (assistant Professor, Medical School University of Belgrade; University Hospital for cardiovascular disease Dedinje, Belgrade, Serbia)

**13:50-14:05 Nutritional support during MV - Marija Djukanovic** (Assistant Professor, Medical Faculty University of Belgrade; Center for anesthesiology and reanimatology University Clinical centre of Serbia, Belgrade, Serbia)

**14:10-14:25 ECCO2 removal - PrismaLung – Ana Andrijević** (Assistant Professor, Institute for Pulmonary Diseases of Vojvodina, Clinic for Urgent Pulmonology, Intensive Care Unit, Sremska Kamenica, Serbia)

14:30-16:00

LUNCH

### HALL 1

**16:00-16:15 Strategies for VAP prevention - Jelena Cumic** (Assistant Professor, Medical Faculty University of Belgrade; Center for anesthesiology and reanimatology University Clinical centre of Serbia, Belgrade, Serbia)

**16:20-16:35 VAP microbiological diagnosis - Marija Stević** (Assistant Professor, Medical Faculty University of Belgrade, University children hospital Tirsova, Belgrade, Serbia)

**16:40-16:55 New antimicrobial possibility - Nebojsa Ladjevic** (Professor, Medical Faculty University of Belgrade; Director of the Center for anesthesiology and reanimatology University Clinical centre of Serbia, Belgrade, Serbia)

**17:00-17:15 Procalcitonine use as guide of VAP treatment - Radmilo Jankovic** (Professor, Clinic for anesthesia and intensive therapy University Clinical Centre of Nis; President of the Serbian Association of anesthesiologists and intensivists, Serbia)

**17:20-17:35 TBA**

### HALL 2

**16:00-16:15 ARDS what is new? ATS 2024 guidelines - Nemanja Dimic** (Assistant Professor, Medical Faculty, University of Belgrade, University Hospital dr Dragisa Misovic, Belgrade, Serbia)

**16:20-16:35 PEEP, MV and kidney function - Ana Mandras** (Assistant Professor, Medical Faculty University of Belgrade; Institute for mother and child health care dr Vukan Cupic, Belgrade, Serbia)

**16:40-16:55 Inspiratory muscle training - Ranko Trailovic** (Assistant Professor, Medical Faculty University of Belgrade; Center for anesthesiology and reanimatology University Clinical centre of Serbia, Belgrade, Serbia)

**17:00-17:15 Heart-lung interreaction during MV - Vladimir Tutus** (Assistant Professor, Medical Faculty University of Belgrade; Center for anesthesiology and reanimatology University Clinical centre of Serbia, Belgrade, Serbia)

**17:20-17:35 Where is the place for HFNO - Natasa Petrovic** (Assistant Professor, Medical Faculty University of Belgrade; Center for anesthesiology and reanimatology University Clinical centre of Serbia, Belgrade, Serbia)
